HOUSE DESIRES TO CONFER ON PROHIBITION

(Continued from Page One)

stead of six weeks. The house voted to refer the bill to the committee on fish and game and the committee on the fisheries.

The rules were suspended and resolution passed authorizing the town of Groton to issue bonds in an amount not in excess of \$150,000, to substitute for bonds that have been called in. The resolution was transmitted to the senate.

The prohibition amendment, which came from the senate last Friday, was called from the table on motion of Mr. King of Connecticut. On motion of Mr. Shaw of Redding, the house invited and asked for a committee of conference. Mr. Shaw of Redding and Mr. Geary of Waterford were appointed committee on the part of the house.

The house concurred with the senate in amending the resolution which provides for an investigation into the unemployed of the state, which fixes the time of report of the committee as March 18.

Resolutions were passed, under suspension of the rules, postponing Thomas P. Quinn judge of the police and city court of Meriden, and George L. King, deputy judge of the same court.

The prohibition officers' pay act, reported favorably by the judiciary committee, was tabled for calendar and printing, which fixes the per diem pay at not more than \$6. The committee also favorably reported the act concerning the pay of detectives in the employ of state attorneys, providing for monthly payment.

Forfeited rights were restored, under suspension of the rules, to Charles J. Smith, of Bridgeport. He is an elderly man and is a seaman and industrialist and employed in the public works department of Bridgeport. He committed theft in September, 1915, and served two years in state prison. Two-thirds vote was required and a unanimous vote was given.

William L. Cone, Jr., of East Windsor, N.J., given restoration of rights. Eleven years ago he committed theft and served two years in state prison. Since his release he has been a good living man, according to the favorable report of the committee on forfeited rights.

The senate adjourned to 11.15 Wednesday morning.

THE SENATE.

Clerk Edward J. Kennedy called the senate to order this forenoon at 11:30 in the absence of Lieutenant Governor Wilson. On the motion of Senator Bartlett of Bridgeport Senator John L. Brooks was chosen to preside.

The committee on the judiciary reported unfavorably on the following bills: concerning meetings for admission of voters; concerning the making of voters' lists; relating to sessions of registrars to perfect and revise voting lists. Reports accepted and bills rejected. Senator Klett said the bills were duplicates of bills which would be reported favorably.

Senator Waterman introduced a resolution for the appointment of Michael D. O'Connell a non-resident trustee of the Bacon Academy of Colchester, and a resolution for the appointment of the following residents of Colchester trustees of the academy: Aldon A. Baker, Ernest S. Day, Joseph

Smith, Samuel P. Willard, Harley P. Duell, Clayton G. Miller and Arthur L. Stebbins. Referred to the committee on senate appointments.

In explaining the unfavorable report of the committee on the bill relating to stock dividends, Senator Klett said that only one person appeared in behalf of the bill and he apparently did not know what he was talking about, added the senator.

The bill was rejected.

A petition was presented by Senator De Laney from the O. L. A. M. organization of Bridgeport against the passage of the Morrill Education bill. The petition was referred to the committee on education.

The substitute for senate bill No. 25 to provide a special commission for an investigation of problems relating to street railways of the state of Connecticut, was taken up for consideration. Senator Bowers offered an amendment to insert the words "pro tem" after the word "president" so as to give the president pro tem the power of appointing the committee.

Senator Williamson said the bill proposed to appoint a commission to do the work which the state paid the members of the public utilities commission were paid good salaries to do.

He moved that the bill be tabled until Wednesday.

The motion to table was carried by vote of 22 to 4.

The senate adjourned to Wednesday at 11.15 a. m.

The bill for the authorization of a bond issue of \$150,000 by the town of Groton, which was passed in the house and transmitted to the senate this morning under suspension of rules does not, apparently, meet with the approval of the senators. It was not acted on in the senate, but it will be taken up Wednesday.

Senator Klett said this afternoon after the adjournment of the senate that he knew no reason why a resolution of such a character should be passed under suspension of rules. "There is nothing to show that the people of Groton favor it. It should be referred to a committee and a hearing held on it," said Senator Klett.

COMMITTEE HEARINGS.

The Windham county members met Tuesday afternoon and elected Alphonse Chagnon of Windham, county auditor, and Everett Brown of Pomfret, was nominated for membership on the state board of agriculture.

An act amending a charter of the Memorial Hospital association. This association is amalgamated with the Lawrence hospital, and the purpose of the amendment is to reduce the membership required by the charter is fifteen while the number for Lawrence hospital is nine, and it is proposed to have a workable force of nine trustees. It is not planned to legislate the present trustees out of office, but not to elect any new ones, and that eventually the number would be naturally reduced by resignation or death.

The matter was fully stipulated by Senator Fox and Albert C. Woodward, treasurer of the Memorial Hospital association.

The same committee gave hearing on an act concerning remittance of tax on property of the Y. M. C. A. in Norwich. Former Mayor Allyn Brown of Norwich spoke in favor of the measure.

Committee on cities and boroughs gave hearing on an act amending the charter of the borough of Groton, which would enlarge the territorial limits. There was a large delegation at the hearing and the matter was thoroughly discussed from all viewpoints.

Judge John H. Barnes, of Norwich, appeared before the committee on humane institutions and East Hampton, will be considered at a hearing of the committee on roads, bridges and rivers, Wednesday afternoon.

EFFORT TO END NATION-WIDE BUILDING TRIKE

New York, Feb. 15.—The personnel of committees representing the Building Trades Employers' Association and the striking building trades workers who will confer with secretary of War Baker and secretary of Labor Wilson in Washington tomorrow in an effort to end three nation-wide strikes, was announced here tonight.

The employers' delegates will be Ronald Taylor, president of the association; Charles J. Kelly, chairman of its board of directors; J. P. Ryan, association treasurer; Albert N. Chambers and Frederick H. Tuttle.

The union delegates will be William L. Hutchison, president of the United Brotherhood of Carpenters and Joiners; John H. Donlin, president of the Building Trades Department of the American Federation of Labor; William Bowen, president of the Bricklayers' Union; Peter Cook, vice president of the International Plasterers' and Gypsum Workers' Union.

Mr. Hutchison expressed the determination of the carpenters to insist on their demands by asserting that "if we never work again for the Building Trades Employers' Association, we will not return to work, for \$5.50 a day." The carpenters are demanding \$6.50 a day and the other unions are striking in support of this demand.

One member of the employers' association, which held its annual meeting here today, declared that if the association should agree to a wage increase it probably would demand that

the carpenters first work six weeks at the old rate. This he said, was because the carpenters struck six weeks before their agreement expired.

About 250 elevator constructors employed at the United States army base in Brooklyn walked out today in sympathy with union carpenters who are on strike there. Samuel B. Donnelly, secretary of the employers association said that he had received word that about 100 bricklayers and hoisting engineers had walked out at New Haven, Conn., and a similar number at Waterbury.

ARMY TO BE RESTRICTED TO MAXIMUM OF 175,000 MEN

Washington, Feb. 15.—Legislation providing for a temporary military establishment of about 540,000 officers and men during the war fiscal year beginning next July 1 was eliminated from the annual army appropriation bill tonight in the house after passage of the senate bill for resumption of voluntary enlistments in the peace time army, which would be restricted to the maximum of 175,000 men authorized in the national defense act of 1916.

The senate measure now goes to conference and will be effective upon its approval by President Wilson. The army bill also was adopted by the house without a record vote and now goes to the senate with its completion there at this session regarded by many leaders as doubtful.

It carries a total of \$1,070,000,000 for the war department for the twelve months after June 30.

It was explained by members of the house that the senate bill not affect the present war time army, which, under the selective service act, must be demobilized within four months after peace is formally declared by presidential proclamation. Decision of the house to consider the senate measure was by a vote of 175 to 162.

Ten republicans joined with 162 democrats in voting for the resolution in the house after a sharp debate. Before adopting the senate bill, the house amended so as to provide that recruits should be enrolled in the regular army for only one year without further service in the reserve.

The house amended so as to provide that the house should consider the senate bill, said opposition was not against the bill, but was a protest against the failure to consider a temporary program that would enable the quicker return of troops from Europe. The recruiting bill itself finally was adopted without a dissenting vote.

NAVAL DIRIGIBLE C-3 MAKES ENJOYABLE RECORD

Cape May, N. J., Feb. 18.—Remaining aloft for thirty-three hours and six minutes under the most unfavorable

weather conditions, the naval dirigible C-3 last week established what is claimed to be a world's endurance record for the non-rigid type of balloons. Details of the flight became known for the first time today.

The C-3, with Ensign Clarence W. Tyndall, of New York, in command, left its hangar at the naval air station here last Wednesday at 4.35 p. m. Bad weather set in a few hours later and during the cruise up and down the coast rain, high winds, snow and extremely low temperatures were encountered. Early Friday the dirigible developed motor trouble and at 1.41 o'clock that morning a safe landing was made on the flying field here.

The C-3 is of the Blimp type developed during the war by the British Royal Flying Corps and is the largest dirigible balloon in the navy service. Ensign Tyndall was accompanied by two pilots, a radio operator and two mechanics.

In its first endurance cruise about three weeks ago the C-3 remained aloft for 27 hours and covered a distance of more than 1,000 miles.

Often the apology is worse than the offense.

If Too Fat Get Fresh Air

How You May Reduce a Pound Daily and Improve Health Amazingly

Lack of fresh air, it is said, weakens the oxygen-carrying power of the blood, the liver becomes sluggish, fat accumulates, the heart action becomes weak, and the system is generally in a state of disrepair. It is the beauty of the figure is destroyed.

Put on by indoor life is unhealthy and, if nature is not assisted in throwing it off, a serious case of obesity may result.

Don't wait until your health is ruined through carrying around a burden of unsightly and unhealthy fat. Spend some time daily in the open air; breathe deeply, and get from any druggist a box of oil of korein capsules; take one after each meal and one before retiring at night, also following the other simple directions that come with the box.

Weigh yourself every few days and keep up the treatment until you are down to normal. Oil of korein is absolutely harmless, is pleasant to take, helps the digestion, and even a few days' treatment is likely to show a noticeable reduction in weight. This system has succeeded when other remedies, etc., have failed. It is the delight of those who wish to improve their figure and acquire younger appearance.
